## **What is Social Media Marketing.**

The social media phenomenon is very much different from discussion of old-fashioned websites so it's worth mentioning the main features of social media sites.

## **With social media, users can do a lot of things with content:**

- 1. Generate content (create blog or micro-blog posts and articles, comment on existing entries, submit wiki articles, post questions and submit answers, post media content and more);**
- 2. Moderate and discuss content (update wiki entries, post comments);**
- 3. Rate and review content (submit votes and write reviews on products and services);**
- 4. Share content with others (bookmark content and make the bookmark collection public, share links to favorite photos, audio files and videos on social networks, etc.).**

**The most popular social media sites include but are not limited to:**

- **Social networks**
- **Blogging systems**
- **Micro-blogging services**
- **Social bookmarking sites**
- **Wikis**
- **Social news sites**
- **Event sharing sites**
- **Media sharing sites.**
