Cake and flower combos are one of the popular gift choices. Whether it's Valentine's Day, Anniversary or a simple birthday, these combos fit every occasion perfectly. Now with the availability of [online cake delivery in delhi](#) with most ecommerce stores and cafes, ordering these gifts got even more convenient. But there are still few things that you make this service absolutely amazing. Read on to find out what these things are-

Perfect for every occasion

As it has been mentioned earlier, cake & flowers aren't limited to Valentine's Day any more. These combos make a great gift for Mother's Day, Father's Day, Christmas and every other celebration. In fact, if you know somebody who loves cakes more than anything, then you should gift cakes irrespective of the occasion.

Delivered cakes and flowers are fresh & fragrant

One might think that since cakes and flowers are delivered at midnight, the flowers might be wilted or the cake might not be fresh. This is far from the truth. **online cake delivery service** delivers fresh cake and flowers. How is that possible?

The cafes and ecommerce stores that offer this service make cakes and flowers available from the nearest store. That's how a customer always gets fresh cakes and flowers.

Cake and flower combos are cheaper than cake and flowers bought separately

The sum of individual cost of delivery is greater than the cost of cake and flowers packed together. This is one reason that makes combos cheaper than cakes and flowers bought separately. Since it's cheaper it's a great gift option among the youth or more specifically college students.

Plenty of options are available

If you're thinking that only certain flavors are available in combos, you're wrong. Combos can be made with almost all flavors available out there. Whether its Pine apple cheese cake, black or white forest, chocolate truffle, or red velvet cake all these cakes can be bought in a cake & flowers combo! And **cake and flower midnight delivery service** promises to make it available to the customers. The same applies to flowers, most ecommerce stores have lavender, orchids, roses, lilies, etc. available for delivery.

On time delivery

One of the important things about [online cake order in delhi](#) is that it tries to deliver an order on or before midnight. A simple reason behind this is, it understands how valuable it would for someone to order a cake at that hour of the night.

So now you know how **cake and flowers midnight delivery** service is making buying cake & flowers effortless even at the stroke of midnight and giving customers memorable experience. Do you think it can be made better and tell us how! And if you haven't availed this service, I am sure I have raised enough curiosity and craving for cake for you to pick your phone and order a combo from an ecommerce store or a café right away!
