

A Broken Trust Mended - How to Get Your Ex Back If You Cheated on Him

Patching up his heart and regaining his trust is going to be hard so unless you're serious about getting him back, you shouldn't try.

A night of fun can turn into a night of ruin when your boyfriend finds out you cheated on him. Naturally he left you because you broke his trust. Now you want to get back with him because he was everything to you. You just made a mistake. You can work hard to make it better. Patching up his heart and regaining his trust is going to be hard so unless you're serious about getting him back, you shouldn't try.

3 Way How to Show You're Serious about Your Boyfriend:

1) Recognize your mistake

Just like the first step to recover from being an alcoholic is to admit you're an alcoholic, the first step to getting back on the right track is to realize you made a mistake. In recognizing your mistake, you also need to recognize what led to the mistake and how you can avoid the same mistake again.

2) Earn his forgiveness

This is the hardest step because you abused his trust and many would say you deserved being dumped. However, it is possible to get back with him. Things may feel different if you do manage to start a relationship over again but gaining his forgiveness is the first step to gaining back his trust.

3) Don't hold his decision against him

Remember, you're the one that cheated on him. He reacted naturally to the pain you brought when you cheated on him. He may have said some harsh words to you but he was most likely trying to act tougher than he felt at the time. If you aren't going to forgive him for his words and actions, why should you expect him to forgive you for yours? Perhaps moving on would be better for you.

It's very likely that your ex still loves you even if he can't entirely trust you right now. By taking the effort to show your ex you still love him, you're going to have a better chance at getting him back. Let him know how sorry you are for breaking his heart in the first place. Tell him you won't cheat again and stick to your words: actions speak louder than words. However, what your actions will show is that you're serious and with that, you might be able to restore your standing with your ex.
