

## Are you in the wrong movie?

---

Since we are born we are in a movie, a one that can't reject. A one decided for us, a one cant just let it go, a movie no one wishes to end.

Many of us feel or felt earlier unfortunate to be in a certain situation, or even to be born.

That's the time when you become your own movie scenario writer. Making changes, adjusting some sentences, actions and trying to make the best out of it.

Our life is a movie, with a start-on and an End.

It is important to consider how do you really feel in that movie, is it the right one, or must give it a change. Many people have been born in the wrong movie, and made it to the right one, the one that fits to them perfectly and that's when success stories start.

I don't know whether the universe, with its countless galaxies, stars, and planets, has a deeper meaning, but at the very least it is clear that we humans who live on this Earth face the task of acting a movie called "life".

Make a change - You can!
