

Carpooling and Earning

If you are the person who is *solidaridade* with the people suffering from long distance travels, you will also understand how car-pooling benefits all.

These days, almost each one of us has to travel long distance be it for the job or for meeting with friends. Although the globalization has shrunk the world, the fast paced life is responsible for increase in the commute time. Driving takes a huge chunk out of one's budget and time. These drives not only cost in terms of petrol and gasoline, they are also responsible for huge hours spend on the road.

Carpooling is an excellent way to save money and reduce congestion on the roads. If the two people share [Rota de Viagem](#), i.e. the same travel route, it is better to club the traveling by car pooling as it will not only save the money, it will also give one an opportunity to the people to make new friends.

Few Benefits of carpooling are listed below:

- Carpooling can help in saving huge amount of dollars as it shares the cost of driving between two or more people.
- It reduces the stress of the commute by sharing of the driving time and allows one time to read, relax, work, or just make new friends.
- Carpooling cuts back the necessity of one or more cars in some families.
- Carpooling allows a comfortable long-distance journey even without the car.
- Carpooling is environmental friendly as it helps in reducing the air-pollution and sound pollution.
- Carpooling is the only way to fight with the rising traffic congestion as by reducing the number of cars on the road it actually reduces the traffic congestion, thereby reducing the traveling time.

Probably the above are the reasons why people are preferring carpool over personal cars. If you are the person who is [Solidaridade](#) with the people suffering from long distance travels, you will also understand how car-pooling benefits all.
