

How to Get Attention from an Ex? These 3 Techniques Work Best

You don't have to go to extreme lengths to get them to notice you again. Find out what you can do.

When you are going through a breakup, it may seem tough to get the attention of your ex. However, you don't have to go to extreme lengths to get them to notice you again. As long as you know what you are doing and stay away from the negative things that would make them glad they left, you may find yourself with more attention than just your ex's.

Get Attention Tip (1)

First, make sure you cut off any and all contact with your ex. Many people are under the common belief that getting your ex's attention means staying in their business the entire time. This is actually hurting their chances for reconciliation. Absence does indeed make the heart grow fonder. If you stay in constant contact, you won't have the time to miss each other. Your ultimate goal is to have them miss you.

Get Attention Tip (2)

Use the time away to work on yourself. If you need to work on your appearance, do it. It's not shallow to feel good about yourself after a breakup. Believe it or not, they'll notice the positive aspect which does better than those 3 a.m. phone calls or text messages. If you look good, you'll also get noticed by other members of the opposite sex. In turn, this can spur their jealousy.

Get Attention Tip (3)

Once your appearance is in top shape, it's time to get out there and have fun. Go out with some close friends and have a good time. You don't have to be having a good time on the inside of yourself, just go and have a good time. Oddly enough, the more times you do this, the more you realize you are actually having a good time. Many exes tend to think when they break up with their significant other that they should be pining away after them. Wrong. Showing them that you can live without them will make them want you back.

If you want the attention of your ex and get out of the rut the breakup caused, it's imperative to utilize these 3 tips. The fact is, the world does go on after a breakup.
