How to make him fall in love with you? Love can happen anywhere; any time and with anyone and we do not have any control over feelings and emotions.

How to make him fall in love with you? Love can happen anywhere; any time and with anyone and we do not have any control over feelings and emotions. However, the way it happens naturally, we cannot force the other person to love us the way we love them. If you love a guy, maybe he is not interested in your feelings or life but just in your sexy body. When he gets horny, he wants you and when he is not, he doesn't care about you. This is not love but this is pure lust!

So, how to make him fall in love? Is it an easy task? Well, yes it is! It is easy only when you move in a smart way with some cleverness. If you like some guy and you are hanging around with him but he seems disinterested and doesn't care about you for any reason then it is in your hands to make him fall in love with you.

- **Confidence:** You have to be confident! Do not goof-up and do not make him feel that you are stupid. Many women have low self-esteem and this is one of the major reasons why they are left up all alone. It is nothing about how you look— sexy, gorgeous, and marvelous but it is about how you think, it is about how you approach and how is your attitude towards the guy. Be smart and confident and do what you feel like, but in a positive manner.
- **Be What You Are:** Don't be a wannabe! Just be what you are and this is where your reality and identity come. Your guy has to accept you the way you are and you do not have to pretend in order to impress him. Be honest and simple, that's all you have got to do to make him fall in love with you!
- **Avoid Overreacting:** Many women throw fake attitude as if "I-don't-give-a-damn" attitude or "I-care-a-hoot". Well, if you do this. Then you might lose you guy. Don't scare him away; make him feel comfortable with your sweet and tender nature.
- **Compliments:** Give him compliments and try to smile as much as you can.
- **Physical and Natural Way:** Kiss him gently on his hand and forehead, whenever you get time and then try to show him that you really care for him (and do not pretend). How to make him fall in love? It's easy!
