

## Learn How to Get Your Ex Back without Being Taken Advantage Of

---

Don't let him benefit for breaking your heart. Stand up for yourself and make a statement to him: You're not going to let him run your life for you.

So now you're heartbroken and you're ready to do anything to get your ex back, right? If he told you he'd only take you back if you jumped off a cliff, you'd be the first in line. However, before you go brave it all and risk your life for this guy, is it really worth it? Don't let him benefit for breaking your heart. Stand up for yourself and make a statement to him: You're not going to let him run your life for you.

Often women allow themselves to become the underdog in a relationship and lose who they are. Guys will take advantage of this, especially if they know a girl is willing to do anything to get back in a relationship: even perform sexual favors as a proof that you still love him.

Don't let him do that to you. If he wants to call off your relationship it has to be in its entirety including your physical relationship. He'll cope and if he goes off with other girls to fulfill his need, perhaps you're better off because you don't need a guy like him.

A physical relationship isn't enough to rebuild a foundation of a relationship because there also has to be an emotional connection; you both still need to care for one another. A relationship is like a plug: you have to have both prongs for the plug to be effective in making any device work. Let your ex know that if he wants you, he can have all of you that you're willing to give, but if he doesn't want you, he doesn't get any of you.

If he's the good guy you know he is, he'll understand and when he sees what life is like without you. This will give you the chance to prove he was wrong in leaving you.
