As time passes, men may call less and less and women may feel like their men don't care anymore. Women want to be close to their men even by phone. Should you be a woman in this sort of situation, then you may feel anxious and aggravated.

However, if you are in this sort of predicament, there are things you need to be aware of and things you **SHOULDN'T DO**.

(1) Do Not Panic

Panicking is the worst thing you can do when your boyfriend doesn't call. When he hasn't called for a few days, don't assume that he's got himself a new girlfriend. Chances of him having a new girlfriend are actually small. There are tons of reasons men take days to call their girlfriends. However, getting into a new relationship usually is not one reason. Women, stop thinking the worst.

(2) Don't Call or Leave Voicemail Messages

Sometimes men won't call their women back because they want to watch their reaction. Many women will repeatedly dial their boyfriend's number when they haven't returned their calls. When we expect them to call and don't, women worry. It's normal when that sense of rejection begins. It makes some women to leave a voicemail message, asking him to desperately call them back. What do women come across as if they repeatedly leave messages on the voicemail? Men will view them as desperate and needy for their affections, which are a bad thing for women to look like.

How about [text your ex back](#)? Sometimes showing your feelings completely to your significant other can lead to being taken advantage of. If they know you'll never leave him, then may feel like it fine not to call back. They may even ignore you. Why? They know it won't matter how much time passes, you are still going to be there, waiting for him to return to you.

Solution to Women's Boyfriend Issues

When a boyfriend won't call a woman back, the woman needs to stop waiting and get out there and enjoy life. Don't call him. What happens? They'll wonder what happened and begin to get curious. When the man finally calls, don't answer it right away. Make the man be the one to leave the message. If the message says he's been busy, a woman needs to reply with the same thing.
